# YAK 214/N / 214/P

## AIR HYDRAULIC JACKS

### AIR HYDRAULIC JACKS

Extremely light, compact and efficient. Manufactured with the best materials on the market. By using high quality materials we are able to keep YAK 214/P under 15kg / 33lb weight which makes it the lightest and most compact jack in our range! Designed to be portable enough to carry on board vehicles and for roadside assistance. It is possible to operate both jacks from with a on-board vehicle compressor.

YAK 214/P is supplied with a carry case and all yak jacks come with extensions as standard.
